

english phonetics and phonology pdf

Like many other languages, English has wide variation in pronunciation, both historically and from dialect to dialect. In general, however, the regional dialects of English share a largely similar (but not identical) phonological system.

English phonology - Wikipedia

Phonetics (pronounced / f ɛˈtɪk s /) is a branch of linguistics that studies the sounds of human speech, or in the case of sign languages the equivalent aspects of sign. It is concerned with the physical properties of speech sounds or signs : their physiological production, acoustic properties, auditory perception, and ...
